INSTALLATION: Ting-hsi Military Installation, Lan-chou Military Region, China.

LOCATION: Ting-hsi Military Installation is approximately 2 nautical miles (nm) west-southwest of Ting-hsi and approximately 45 nm southeast of Lan-chou.

GENERAL: The wall-secured installation was first observed under construction on [redacted] and was virtually completed by [redacted]. The installation seems to serve a third-echelon vehicle maintenance/ordnance function. Area Ba appears to be a vehicle maintenance/storage area because of the workshop-type buildings, a grease rack, and various wheeled vehicles parked throughout the area. Area Aa provides billeting support for this area. Area Ra is thought to serve an ordnance function. Area Ab appears to be the billeting support for Area Ra.

25X1

25X1

Possibly related military installations in the area include Ting-hsi Military Barracks West [redacted] and Ting-hsi Military Barracks Southwest [redacted].

25X1

Accuracy Statement:

[redacted] Conversion from square meters to square feet was determined by the factor: 1 square meter equals 10.76 square feet.
